Easy to clean and maintain
- Automatic cleaning and de-scaling
- Removable brewing group

Saeco

Highlights

Adjustable coffee strength, te

Choose your favourite coffee blend and adjust coffee strength, temperature and length until they all meet your personal taste perfectly. Strength: the machine is set-up to adjust the strength with the exact amount of coffee to be ground. Length: the machine allows you to adjust the amount of brewed coffee according to your taste and/or the size of your cups. Temperature: the machine allows you to adjust the temperature of your coffee.

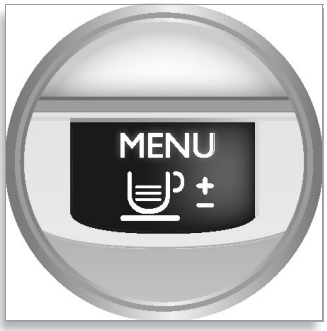
Adjustable pre-brewing

Adjustable pre-brewing function for flavor enhancing

Autocleaning and de-scaling

Easy to use includes easy maintainance: Thanks to the automatic cleaning and de-scaling cycles, you are guaranteed perfect enjoyment every day and maximum longevity for your automatic espresso machine.

Customization and maintenance



Customization and maintenance menu

Integrated automatic milk

Enjoy your milk specialties without any stop: it is possible to refill the carafe with milk even while the integrated milk function is plugged in and working.

Color coded user interface

Enjoy direct and clear interaction thanks to the self-explanatory icons display. For maximum convenience the icons are colored according to the thrafflic light colors: Red requires action, Yellow means the machine is "busy" (like heating up). Green is ready to use.

Removable brewing group

The brewing group is at the heart of every fully automatic coffee machine and it should always be kept clean. A task that doesn't get any more convenient than with a Saeco: remove, rinse and re-insert – finished.

Latte Perfetto technology

Thanks to the fast milk heating system which keeps the carafe at the ideal temperature, milk is constantly ready to add a pure delight to your favourite beverages, like cappuccino and latte macchiato.

Specifications
